

January 30, 2015

Hello again to all of our School Council Chairs and Assembly Representatives! We look forward to welcoming you to our next meeting where we will talk about math, math and more math!

Tuesday, Feb. 3, 2015  
Forest Heights Collegiate (school library)  
7 pm to 9:15 pm

Per WRDSB guidelines, school doors have to be locked,  
so please try to arrive by 7:10 pm.

Please note that we have WRAPSC members who experience health issues  
arising from exposure to scented products. Please be considerate in your  
use of such products while attending our meetings.

This month's meeting welcomes a variety of presenters, who will help us understand math a little more, share some techniques and tools so we can better help our kids with math, and answer some questions about EQAO.

We welcome **Heather Berry**, WRDSB parent, who received a Regional PRO grant and used the funding to put together math kits. Heather will demo her math kit and provide details on how they can help.

We also welcome, **Dr. Donna Kotsopoulos** from Wilfrid Laurier University. Dr. Kotsopoulos is an Ontario Certified Teacher, and is the Associate Vice-President: Research, a Professor in the Faculty of Education with a cross appointment to the Dept. of Math, as well as being the director of the Mathematical Brains Laboratory. She will provide us with "Top Ten Ways to Help Your Child Succeed" in math!

Our school board staff: **Ed Enns, Wendy Goulden and Kim Keena** from Learning Services will also be on hand to discuss some tools and techniques for parents to help their kids at home. They will also address questions and talk about the path the board is taking in the classroom to address EQAO scores.

We know you are excited to talk about math. Bring your pencils, erasers and questions!

See you then!  
Christine & Laurie

Christine Gillis Bilton (WRAPSC Co-Chair 2013-15)  
Laurie Tremble (PIC/WRAPSC Co-Chair 2013-15)
