Subject: Strategic Plan Operational Goal Implementation – Update for 2017/18

Recommendation

This report is for the information of the Board.

Status

As we move into the second year of implementing and monitoring the strategic plan, senior staff has reflected on the various strategies and actions used to support the plan and realize our intended outcomes. While our EQAO results suggest improvement in the areas of mathematics, and while we continue to see increases to our graduation rate, we are not yet satisfied.

Plans for 2017/18 include a continued emphasis on the three operational goals and a more informed and disciplined approach to monitoring the implementation and outcomes of our various strategies. In addition to reaching established targets and goals, we want to ensure that we remain committed to meeting the needs of each and every student, that we continue to build the important bridges between staff, parents and caregivers, and that we actively promote the importance of building a culture of innovation that prepares our students for a future that will demand a host of global competencies and confidence. We will innovate tomorrow, by educating today.

As shared in the September Strategic Planning Report to Board, during 2016/17, with input from trustees, senior staff organized a variety of meetings to seek feedback and input from our broader community. With the support of our research department, a variety of surveys were also conducted to solicit feedback and input from staff as we continued to reflect on our strategies and action plans, the fidelity of our implementation and the allocation of resources.

We have used the consolidated feedback from these meetings and the survey results to refine our plans for 2017/18. Please see attached, as part of Annex A - the 2017-2018 Strategic Plan - Operational Goal Plan. Staff look forward to the opportunity to discuss and review the plan with trustees as part of a forthcoming Trustee Seminar. Staff will also continue to engage our broader community in seeking feedback on our operational goal plans through a series of meetings as identified in Annex B.
Background

The Waterloo Region District School Board engaged in a collaborative strategic planning process with the goal of creating a multi-year strategic plan that articulated the priorities, desired outcomes, and commitments of the WRDSB for the next 3-5 years.

On June 20, 2016 the Waterloo Region District School Board approved the Strategic Priorities, Outcomes and Commitments. At the September 26, 2016 Board Meeting, staff presented the three operational goals for Trustee’s awareness and at the October 24, 2016 Board Meeting, staff provided the detailed Operational Goals and an overview of the accountability framework that would serve to support the implementation and monitoring of these goals.

Financial implications

No financial implications. The WRDSB Budget Survey was structured to seek input on how resources might be allocated to support the strategic plan and the 3 operational goals. Allocation of Learning Opportunities Grants and Education Priority (Other) Grants reflect our emphasis on these operational goals. Trustees received information from staff on these grants at the June 14, 2017 budget meeting.

Communications

To aid in monitoring implementation of the strategic plan, staff will continue to present regular updates to trustees and the public at board meetings throughout the 2017-18 school year, as outlined at Annex B.

Communications will continue its commitment to ensuring that the Strategic Plan has a prominent and dynamic presence as part of WRDSB communication efforts.

The Director’s Annual Report will also utilize the Strategic Plan as a framework for reporting back to our community the work of our district, our schools, our staff, our students, our parents, guardians and caregivers, and our community partners.

STRATEGIC PLAN
IMPLEMENTATION DASHBOARD
2016 – 2019
INNOVATING TOMORROW
BY EDUCATING TODAY
In 2016, trustees and senior staff embarked on a journey to create a new strategic plan. Together we wanted to do something new, so we set up three strategic priorities each with outcomes to help guide our work.

**OUR STUDENTS ARE FIRST – EACH AND EVERY ONE**
- Our students experience a sense of belonging in a caring learning environment that addresses their well-being.
- Our students pursue individual learning pathways that reflect their interests, develop skills for the future and inspire global citizenship.
- Our students succeed in reaching their potential and graduating from WRDSB schools and programs.

**OUR STAFF, FAMILIES AND CAREGIVERS ARE PARTNERS IN EVERY STUDENT’S LEARNING JOURNEY**
- Our families and caregivers are supported in creating the best possible outcomes for our students.
- Our staff is equipped with the skills and resources to support every child in their learning journey.
- Our staff is supported in their wellness as they promote and model wellness for our students.

**OUR CULTURE OF INNOVATION BUILDS STUDENTS’ CONFIDENCE AND SUCCESS AS THEY FACE THE FUTURE**
- Our learning environments include all students and their diverse perspectives and ideas.
- Our students, staff and community are supported by creative and collaborative problem-solving.
- Our school communities are encouraged to learn by exploring new and innovative projects, ideas and approaches.

Our goal was to create a plan in which all members of our community could see themselves and that positioned our board for success. Every day, we put our students first, each and every one. We believe that our staff, families and caregivers are partners in their child’s learning journey. We know that we need to foster a culture of innovation to ensure the success of our students as we prepare them to face the future.
We recognize that achieving the desired outcomes of our strategic plan will require much more than developing goals and identifying strategies. Our ability to monitor the implementation of our strategies and make use of evidence and data to inform our next steps is central to the effective execution of our strategic plan.

Staff leaders from across the district have worked together to develop goals, strategies and the key performance indicators related to three operational priorities for the 2016-2019 school years:

1. **Mathematics**: Increase the percentage of students achieving at provincial standard by 8 percent yearly on Grade 3, Grade 6 and Grade 9 Applied EQAO Mathematics Assessments for three years.

2. **Pathways to Graduation**: Within three years we will increase our five-year graduation rate by 5 percent through the implementation of an evidence-based K-12 strategy.

3. **Well-Being**: All students and staff will be supported and affirmed in the areas of cognitive, emotional, social and physical well-being with the acknowledgement of how these contribute to self and spiritual well-being.

Research has shown us that system leaders must monitor the implementation of school and classroom strategies from the initial planning stage through to full implementation to achieve desired outcomes. It has also shown us that there are predictable stages of implementation and in school districts, it typically takes three-to-five years to introduce a strategy and have full implementation. This is why we recommended a three-year timeline to fully realize our operational goals.
To help us communicate our progress in a transparent and simplified way we have introduced an implementation dashboard. The traffic lights in the dashboard are intended to give a sense of the progress we are making on implementing specific strategies:

- Red indicates we are still in the planning phase and implementation is not yet underway.
- Yellow indicates that a plan is in place and that we are in the initial phases of implementation.
- Green means implementation is on track.
- A blue check means implementation of a given strategy is complete.

We have been sharing information on our strategic plan with trustees, senior leaders and the public in a series of meetings and presentations this year. We will be engaging in similar meetings for a variety staff over the next few months. Given we are in the earliest stages of implementing our three-year plan, these meetings create awareness and give us an opportunity to gather feedback. This helps to inform our work as we continue to refine our strategies.

We want to ensure that all staff are aware of where to find information on the strategic plan, and where to track our progress on the operational goals over the next couple of years. Information on the strategic plan, operational goals and the dashboard are available online. Here’s a handy list of links:

  - Student and Staff Well-Being: https://www.wrdsb.ca/learning/2016-19-operational-goals/well-being/

If you have any questions or comments about the strategic plan, please speak to your supervisor, or email your comments to info@wrdsb.on.ca and our communication team will direct your feedback to the leadership team.

OPSBA Board of Directors Meeting – September 22 and 23, 2017

The OPSBA Board of Directors held a meeting on September 22 and 23, 2017 in Toronto. A traditional territory acknowledgement was provided by Trustee Karen Sandy, the Indigenous Trustees’ Council’s Alternate Board of Director member.

Michael Coteau, the Minister of Children and Youth Services and Minister Responsible for Anti-Racism, joined the Board on the evening of September 22 for a wide-ranging discussion on the government’s Education Equity Action Plan and Ontario’s children and youth services sector.

Education policy and program issues that were discussed at the meeting are summarized below.

Public Session

Indigenous Trustees’ Council

Karen Sandy gave an overview of the August 22 and 23 meeting of the Indigenous Trustees’ Council. Highlights included a meeting with Minister Mitzie Hunter, in which requests for three items were made:

1. Alternative routes to certification for fluent speakers of Indigenous languages and changes in hiring practices.
2. Professional development for teachers who will be delivering the new Truth and Reconciliation social studies and history curricula.
3. To mandate the roles of school board Indigenous Advisory Committees in legislation or regulation in order to ensure that these committees have clear mandates and roles.

The Council also participated in a Strategic Planning Session focusing on developing a strategic plan and reviewed materials from the Minister’s Advisory Council on FNMI Education and the Well-Being Subcommittee of the Minister’s Advisory Council on FNMI Education Working Group.

Communications and Media Relations

Updates on recent OPSBA communications issues were provided:

- Preparation and distribution of an OPSBA media release re: Indigenous health and safety challenges
- President Laurie French’s media interviews on school capital funding, school closings, renaming of schools and EQAO provincial results

Communications support given to school boards and OPSBA colleagues on the following issues:

- Executive compensation
- Suspension and expulsion data
- Workplace violence and prevention
- Sir John A. MacDonald motion from the ETFO
- French as a Second Language (FSL) Labour Market Partnership
Finance
Updates were provided on the School Energy Coalition and the next steps with regards to the review of student transportation procurement. In response to the Auditor General’s recommendation that the Ministry of Education revisit the current student transportation funding formula, the ministry is proceeding with a 12-to-18-month multi-stakeholder engagement to solicit input and feedback to renew the vision of student transportation in Ontario. The Ministry’s Student Transportation Procurement Advisory Project Phase II will commence meetings within the next month.

Community Hubs
An overview of the Ministry of Infrastructure’s Surplus Property Transition Initiative was given. This program is allowing community partners to submit proposal to create community hubs at surplus provincial, school board, or hospital properties. The deadline to apply is October 16, 2017.

Legislature and Government Relations
An update on activities of the Legislative Assembly of Ontario was provided. The Assembly reconvened for its fall session on September 11, 2017.

Current Bills relevant to the education sector include: Bill 142, Construction Lien Amendment Act, 2017, and Bill 148, Fair Workplaces, Better Jobs Act, 2017. OPSBA is also monitoring and providing feedback on the Ontario government’s response to federal Bill C-45, Cannabis Act.

A Ministry of Education consultation focusing on five main governance-related themes has begun. Themes include: Access to Integrity Officers/Trustee Code of Conduct; Director of Education qualifications; Student Trustees; Trustee Honoraria; Electronic Meeting Participation. OPSBA is actively involved in this consultation with its members.

New legislation this fall will create two new Northern Ontario ridings ahead of the next election, in response to the final report from the Far North Electoral Boundaries Commission. The new ridings, Kiiwetinoong and Mushkegowuk, will represent large Indigenous and Francophone populations. Fifteen new ridings were legislated last year, bringing the total of ridings in the June 2018 election up to 124, from the current 107.

This year, Local Government Week takes place from October 15 to 21. OPSBA is reviewing and updating its resources for trustees to use in their presentations to Grade 5 Social Studies and Grade 10 Civics students. Updated resources will be posted on the OPSBA website by early October.

Program Policy Update
A summary of Ministry meetings, workgroups and program-related announcements was provided. Information shared included the following:

- **Policy/Program Memorandum (PPM) 159: Collaborative Professionalism**
  The Collaborative Professionalism subcommittee of the Ministry Initiative committee had a number of meetings over the summer months with a purpose of designing regional full-day sessions across the province to reinforce and begin to build greater awareness of PPM 159.

- **Education Equity Action Plan**
  The Ministry of Education released its Education Equity Action Plan on September 7, 2017. The action plan is extensive and covers the following aspects of the system: School and Classroom Practices; Leadership, Governance and Human Resource Practices; Data Collection, Integration and Reporting; and Organizational Culture Change. OPSBA will be preparing a response to the plan.
• **FSL-Labour Market Partnership Project**
  OPSBA is leading a labour market partnership project for English and Catholic public school boards entitled *Meeting Labour Market Needs for French as a Second Language Instruction in Ontario*. This is a three-year initiative with an ultimate goal of creating workable solutions to the growing demand for qualified French teachers and support staff.

• **Supporting Students with Prevalent Medical Conditions**
  There were several meetings over the summer months regarding students with prevalent medical conditions. The Ministry of Education is determined to release a PPM on this topic to provide guidance to school boards in supporting students with conditions such as anaphylaxis, asthma, diabetes and epilepsy. Feedback has been provided to the Ministry by all education partners and next steps are pending.

• **Staff Well-Being**
  The Ministry has established a staff well-being advisory committee comprising representatives from all school board leadership organizations, federations and unions.

• **Partnership with the Ontario Association of Children’s Aid Societies (OACAS)**
  October 24, 2017 is Dress Purple Day and October is Child Abuse Prevention Month. This year there is a focus on awareness around neglect, which is one of the most common child protection issues. Resources can be accessed on the OACAS website.

• **2018 Summit on Children and Youth Mental Health**
  Plans are well underway for the 2018 Summit in April and registration is now open. School boards are encouraged to send their teams of staff and include key community partners in networking opportunities following the event. Sessions will focus on working across tiered systems of support for promotion, prevention and intervention.

• **EQAO and Assessment**
  In 2016-17 OPSBA distributed a discussion document with recommendations for EQAO and large-scale assessments. OPSBA staff have met with Ministry and Minister’s Office staff to discuss recommendations and reinforce the key request – that the Minister facilitate and engage in a dialogue with education partners on the recommendations in the OPSBA discussion paper. OPSBA was pleased to see the Ministry announcement regarding an EQAO review – details have not yet been released.

• **Curriculum Review and Reporting**
  An update was provided on the announcement that the Ministry would be updating the K-12 curriculum with the goal of improving student achievement in core skills such as math and increasing emphasis on transferable life skills. The public consultation will be conducted by Premier Kathleen Wynne and the Minister of Education’s six education advisors, led by Dr. Carol Campbell.

**OPSBA Priorities**
A report on OPSBA’s 2017-18 Priorities Action Plan was provided, including an overview of strategy-focused discussions held at the August Executive Council Planning Session.

**Minister’s Advisory Council on Special Education (MACSE)**
Board of Director member Cheryl Lovell, OPSBA representative to MACSE, gave an update on recent developments following the last MACSE meeting on June 7, 2017.

Mr. Scott McMillan  
Chairperson of the Board  
Waterloo Region District School Board  
51 Ardelt Avenue  
Kitchener ON N2C 2R5

Dear Mr. McMillan,

Thank you for your letter on behalf of the Waterloo Region District School Board about special education funding. Please know that your commitment to students with special education needs is appreciated. I am pleased to respond.

As you know, the Ministry of Education provides school boards with additional funding through the Special Education Grant (SEG) for students with special education needs to support the incremental costs of the additional programs, services, and equipment required to meet their educational needs and to support positive outcomes. This enables equity for all students with special education needs.

In the case of Waterloo Region District School Board, its total Special Education Grant funding for 2017-18 is projected to be nearly $85.5 million in 2017-18. This represents an increase of $2 million or 2.4 per cent over 2016-17, and $44.7 million or nearly 110 percent, since 2002-03.

In addition, as a result of the education sector labour negotiations, the ministry has agreed to establish a Local Priorities Fund (LPF) of $218.9 million province-wide in 2017-18. The LPF will allow boards to address a range of priorities including more special education staffing to support children in need, "at-risk" students and adult education. Waterloo Region District School Board is projected to receive almost $6.2 million in LPF funding for 2017-18.

With respect to consultation and the Special Education Funding Working Group, please note that ministry staff engages annually with our education partners on the GSN to ensure that changes to the GSN better align with board cost structures, drive efficiencies, and support our government’s student achievement agenda. This has led to regular refinements to the funding formula. In addition, the ministry receives input and advice from various stakeholders and the public throughout the year.
Further to consultations, the Ministry of Education values the input of all stakeholders and understands the important role they have in making suggestions to improve special education. As always, we continue to work closely with our stakeholders, including school boards and the Special Education Funding Working Group, to ensure that the necessary reforms are implemented successfully and that all Ontario students have access to an excellent education.

Finally, although the ministry will continue to review the funding formula, presently there are no plans to complete a comprehensive review that examines the delivery of special education programs and funding.

Once again, thank you for writing to share your concerns and recommendations with me. Please be assured that I understand your concerns, and will keep them in mind as we move forward. I trust this information is helpful to you.

Sincerely,

Mitzie Hunter, MBA
Minister

The Honourable Mitzi Hunter

Dear Minister Hunter:

On behalf of the Trustees of the Peel District School Board, I am writing to request that the Ministry of Education suspend Education Quality and Accountability Office (EQAO) testing for the 2017-2018 school year while the province reviews curriculum, report cards and how students are assessed.

At the Regular Meeting of the Board, held on October 10, 2017, the Board approved the following motion:

"Whereas, there has always been a strong discrepancy between Peel District School Board report card results in mathematics and EQAO mathematics scores, and

Whereas, the Ministry of Education has stated that it is time to 'examine provincial measurement and assessment policy, including EQAO testing';

Therefore, be it proposed, that the Peel District School Board request the Ministry of Education to suspend EQAO testing for the 2017-2018 school year, and request the support of Ontario Public School Boards’ Association and all other public school boards in Ontario for this motion."

Trustees are concerned that current assessments administered by the EQAO do not accurately reflect what Peel students are learning in the classroom and we are not alone in our growing concern.

For the last few years we have struggled to understand the discrepancy between students who learn and achieve well on curriculum expectations as evidenced on the Ministry Provincial Report Card data but who do not perform well in math on EQAO. Despite an intensive focus on numeracy and staff engagement in professional learning to improve their knowledge and skills around the teaching of math, results of the EQAO math assessments continue to be low. The Ministry of Education and the Office of the Premier have also raised concerns about this discrepancy. To quote the news release of Sept. 6, 2017, from the Office of the Premier, it states that the province aims to “update provincial assessment and reporting practices, including EQAO, to make sure they are culturally relevant, measure a wider range of learning, and better reflect student well-being and equity.” Given the diversity within Peel region, the issue that the provincial assessment may not be culturally relevant is a real concern. While a Peel board strategy to improve literacy results led to significant increases in EQAO reading and writing scores, after three years of our Engage Math strategy, we are not seeing any improvement on EQAO math assessments.

Dear Ministers Hunter and Hoskins,

I'm writing today on behalf of Trillium Lakelands District School Board in support of the letter from the Waterloo Region District School Board regarding the Opioid crisis that is affecting our schools. We feel that this is a serious concern and that it is imperative that proactive protocols and strategies need to be put in place.

To that end, Trillium Lakelands District School Board has adopted the following motion at our October 24, 2017 Regular Meeting of the Board, as moved by Trustee Byrne and seconded by Trustee Morrison:

THAT THE CHAIR PREPARE A LETTER TO THE MINISTER OF EDUCATION AND MINISTER OF HEALTH, COPIED TO ALL DISTRICT SCHOOL BOARDS, IN SUPPORT OF THE WATERLOO REGION DISTRICT SCHOOL BOARD’S REQUEST THAT A PROVINCIAL SCHOOL PROTOCOL AROUND THE OPIOID CRISIS BE PUT IN PLACE THAT WOULD ALSO INCLUDE A COMPREHENSIVE STRATEGY AND MAY INCLUDE PROVIDING ALL ONTARIO SCHOOLS WITH NALOXONE, THE FENTANYL ANTIDOTE.

Sincerely,

Louise Clodd  
Chair of the Board
