**STRATEGIC PLAN OPERATIONAL GOAL IMPLEMENTATION**

Director J. Bryant began the presentation which marks the end of the fourth year of implementation of the strategic plan. It was a challenging year with job action and school closures in response to the COVID-19 pandemic. It has been a year of hard work, of focused effort, of learning and of holding accountable those who serve in public education. This year, as a result of COVID-19, staff did not have an opportunity to provide a Strategic Plan update in March.

Associate Director L. Read shared that staff continue to assess and reflect on plans by monitoring implementation and outcomes. Monitoring and support systems are in place for each Implementation Driver such as training, coaching and leadership that supports implementation. She shared the new Status Ratings which include On Pause, Pivoting and Continued Progress.
Some strategies have been paused due to COVID-19, while others have had to pivot in approach. The Conditions for Learning Framework continues to guide and direct work. She recognized that WRDSB needs to prioritize the complex body of work ahead in getting our schools and system reopened while also delivering on our commitments to do more and do better to support all those marginalized in our communities. The Equity and Indigenous Action Plan will take on added prominence as staff plan for the 2020-2021 school year.
