COVID-19 PANDEMIC - VERBAL UPDATE

Director J. Bryant reviewed the events of the past week as it related to the pandemic and the WRDSB. He noted that last Monday, Premier Ford announced the move to remote learning, effective today, and that staff had prepared for the situation by asking families to bring home personal belongings and provided devices for learning on April 9th. Students will have heard from their teachers today as they begin remote learning. Students with complex special education needs start in person classes tomorrow. Staff will work with parents to determine other students with complex needs who cannot be accommodated online and plans will be put in place. He expressed appreciation to staff and parents/caregivers.

Chairperson J. Weston thanked staff for their preparation for this change.

Trustees were provided with an opportunity to ask questions. It was shared that staff have not been notified of a date for return to in person learning, but the Ministry of Education has noted that they will try to provide as much notice as possible.

AD HOC TRUSTEE SELF-EVALUATION TOOL COMMITTEE UPDATE

Trustee C. Millar shared some background on the committee to date. The self-evaluation tool is complete and will be provided to trustees in May. A trustee discussion will follow the completion of the self-evaluation to determine next steps.

Trustee J. Herring left the meeting.

6. Moved by L. Tremble, seconded by K. Smith:

OPSBA REPORT

Trustee L. Tremble provided a couple updates from OPSBA including the Project Compass survey and the OPSBA Central West meeting.

She shared that OPSBA released a statement in regards to post-pandemic online learning and reviewed some of OPSBA’s concerns. She then moved a motion with the following recitals:

Whereas the Waterloo Region District School Board has gathered data on student achievement and well-being during the pandemic which shows a marked increase in mental health concerns and feelings of isolation among students learning remotely during the pandemic;

Whereas the proposal put forward by the Ministry of Education as reported in the Globe & Mail is not supported by any data;
Whereas the WRDSB already had, pre-pandemic, and continues to have, a functioning online learning program which was utilized by secondary students and supported by the Ontario e-Learning Consortia;

Whereas the Ontario Public School Boards’ Association (OPSBA) has already made a statement that the government’s plan is not in the best interests of students and that there are significant negative implications on school boards including impacts on reduced funding levels, students’ ability to attend small, rural and remote schools, and diminished local influence on education;

Whereas the Ontario Student Trustees’ Association (OSTA-AECO) also expressed concerns that the proposed plan would present many negative impacts for the student body and does not prioritize the success and wellbeing of students;

7. Moved by L. Tremble, seconded by S. Piatkowski:

That the Chair of the Waterloo Region District School Board write to the Minister of Education and our five local MPPs to express this board’s vehement objection to the rushed and radical changes to remote learning that we understand the government is proposing and that the letter include the following:

i. There is no evidence to support that this policy change will improve student achievement or well-being;

ii. WRDSB registrations show that students and families prefer local in-person learning – which is the opposite of this proposal;

iii. Rushing through these radical changes to remote learning after a year of isolation and instability created by the COVID-19 pandemic risks causing real harm to our students; and

iv. The government must immediately stop its consideration of this proposal until the full impacts of remote learning on students during this pandemic are known and until thorough consultation with all education stakeholders including students, parents, trustees, educators and existing e-learning consortia has been conducted; and

That the letter be shared with the Ontario Public School Boards’ Association and the Ontario Student Trustees Association.
