1. Preamble

It is the policy of the Waterloo Region District School Board (WRDSB) to display flags with dignity and respect.

2. General

These procedures address the displaying of flags at schools and board-owned sites, including half-masting for mourning. All flags secondary to the National Flag of Canada and Provincial Flag of Ontario shall support and align with WRDSB policies in promoting a safe and inclusive learning and working environment for all students, staff and community members.

3. Definitions

Half-mast: Historically, half-mast was reserved for nautical use; half-staff for flags flown on land. The Education Act and the Government of Canada in their Rules for flying the National Flag of Canada use the term half-mast. For consistency, the WRDSB will also apply the term half-mast when distinguishing the position and manner of display of a flag on a flagpole as a sign of mourning.

4. Dignity of the National Flag of Canada

The National Flag of Canada will take a position of prominence at all times when displayed with other flags. The manner in which the National Flag of Canada is displayed in Canada is not governed by any legislation. The rules applied by the federal government are not mandatory for individuals or organizations; they serve as guidelines only.

4.1 No flag shall be larger than the National Flag of Canada.
4.2 No flag shall fly higher than the National Flag of Canada.
4.3 Where there are multiple flags displayed together, the National Flag of Canada shall always be displayed in a position of prominence:
   4.3.1 in the centre of three flags where the flags are displayed on separate flag poles
   4.3.2 when facing the front of a building, the National Flag of Canada shall be to the left of an observer facing the flags when there are two flags, with the secondary flag to the right
   4.3.3 above any other flag when sharing the same flagpole.
5. Exterior Flags

5.1 Every operating school shall fly the National Flag of Canada on an outside flagpole.
5.2 Other board-owned sites may fly the National Flag of Canada.
5.3 At the discretion of the Principal and with approval from the appropriate Superintendent, a school may also fly the flag of the local municipality or apply to fly another flag which is not connected in any way with a political party or religious group, for a specified period of time. Schools are to apply using the Flag Display Request Form in Appendix A.

5.3.1 Where a school has only one flagpole, the school may fly one additional flag below the National Flag of Canada, on the same flagpole, for an approved period of time.

5.3.2 Where a school has more than one flagpole, the National Flag of Canada shall fly alone on its own flagpole. The school may fly up to two flags on each additional flagpole for a specified period of time.

5.3.3 The Director’s Office and the Chief Communications Officer shall be notified in advance when other flags are to be displayed, the reason for the flag raising, and the duration as per the Flag Display Request Form in Appendix A.

5.3.4 Principals will be responsible for informing their school community about any additional flags that will be displayed prominently, either outside or inside the school. When displayed in a prominent location, such communications must include an explanation of the flag’s display, including the duration, on the school website.

5.4 The Director of Education may also order the flying of a flag in support of community awareness initiatives which align with the Board’s values, supports the principles and expectations of the Board’s Safe Schools Policy, Equity and Indigenous Action Plan, and are consistent with the Ontario Human Rights Code.

6. Half-masting for mourning

When half-masting flags at sites, where it is possible, the masting period shall include the day of death notification until sunset on the day of the memorial service or the next operational day after the memorial service.

6.1 Exterior flags shall be lowered to half-mast throughout the system on the death of:

- the Sovereign or a member of the Royal Family related in the first degree to the sovereign (husband, wife, son, daughter, mother, father, brother, sister)
- the Governor General of Canada or a former Governor General
- the Prime Minister of Canada or a former Prime Minister
- the Lieutenant-Governor of Ontario or a former Lieutenant Governor
- the Premier of Ontario or a former Premier of Ontario
- the Member of the Federal or Provincial Electoral Riding
- the Chair or a member of the Board
- the Director of Education.

6.2 To observe the following occasions, the National Flag of Canada shall be flown at half-mast on an annual basis at all WRDSB schools and board-owned sites that fly the flag on an exterior flagpole:

- National Day of Mourning for Persons Killed or Injured in the Workplace
- National Day of Remembrance for Victims of Terrorism
- National Police & Peace Officers Memorial
- National Fallen Firefighters Memorial Day
- National Day of Remembrance for Victims of Terrorism
- Remembrance Day
- National Day of Remembrance and Action on Violence Against Women
When the above dates fall on a day when schools and other board-owned sites are not in operation, the National Flag of Canada shall be lowered at the end of the last operational day before the date being observed and raised again on the next operational day.

6.2.1 The Director of Education may also order the lowering of flags to half-mast on the death of a person held in special regard in the system.

6.2.2 The Director of Education may also order the lowering of flags to half-mast upon the guidance of the Ministry of Education.

6.3 In consultation with their Superintendent, school administrators may decide to lower flags to half-mast as a sign of mourning commemorating the death of:

• a current student
• a current staff member
• a person held in special regard in the school community.

The school administrator shall notify the Director’s Office and nearby WRDSB schools when flags are lowered for these reasons.

7. Interior Flags

7.1 A flag is to be displayed using a wall mounting, a flag stand, or it may be hung flat against a wall either horizontally or vertically.

7.2 Every operating school shall display inside the school the National Flag of Canada and the Provincial Flag of Ontario.

7.3 At the discretion of the Principal and with approval from the appropriate Superintendent, a school may also display inside the school the flag of the local municipality or other flag which is not connected in any way with a political party or religious group, for a specified period of time. Schools are to apply using the Flag Display Request Form in Appendix A.

An exception to this provision may include the display of other flags in a classroom when such flags are in support of a classroom project with specific curriculum objectives.

8. Flags, Flagpoles and Flag Hardware

8.1 Principals and site managers will be responsible for ensuring the maintenance of all flags, flag standards, flagpoles and related equipment in good condition.

8.2 Flags shall be regularly inspected for signs of wear and damage, and shall be replaced when tattered, noticeably faded or otherwise no longer suitable for use.

8.2.1 Any National Flag of Canada that is to be discarded shall be sent to the board’s Communications department for destruction in a dignified manner. No National Flag of Canada shall be placed in the garbage for disposal.

8.3 All WRDSB schools and other board-owned sites are responsible for purchasing any replacement flags, including the National Flag of Canada, the Provincial Flag of Ontario, and any other flags that have been approved for display. No other flag purchased for display shall be larger than the National Flag of Canada.

8.4 Administrators of all WRDSB schools and other board-owned sites interested in purchasing an additional flagpole for their site must consult with their Superintendent.
8.4.1 All schools and other board-owned sites are responsible for funding any additional flagpoles, and associated hardware and installations that have been approved for their location.

**APPENDIX A**
Report to Committee of the Whole
October 18, 2021

Recommendation

This report is for the information of the Board.

Status

COVID-19 Resilience Infrastructure Stream (CVRIS) was introduced in the fall of 2020 under the Investing in Canada Infrastructure Program (ICIP) to provide up to $700 million in combined federal-provincial funding for education-related infrastructure projects province wide. The Ontario Ministry of Infrastructure and Infrastructure Canada recently amended the Integrated Bilateral Agreement (IBA) for the Investing in Canada Program (ICIP) – which provides for up to two additional years for completion timelines to December 2023 for approved projects.

Background

On February 23, 2021 the Federal Government approved a total of $26,231,600 in CVRIS funding for the Waterloo Region District School Board. Since that official announcement, staff have tendered and completed or are in the process of completing a large amount of capital work with this funding in addition to many planned school renewal and school condition improvement projects. On September 23, 2021 the Ministry of Education released memo 2021:B18 informing boards of update to the completion timelines to December of 2023. Projects deferred from 2021 are now proceeding accordingly.

Financial implications

Due to extremely tight timelines and increasingly challenging market conditions last spring, responses to some tenders were limited and significantly over architect estimates. As a result, some projects were deferred. Effects of the pandemic on tender pricing for 2022 completion is unknown.

The included table provides a complete summary and status of all CVRIS funded projects highlighting the projects status and listing the projects planned to be completed in 2022 and 2023. The projects are listed on Appendix A.

Subject: Community Planning and Facility Partnership Opportunities, Report and Annual Meeting

Recommendation

This report is for the information of the Board.

Status

To satisfy the requirements of Board Policy 1011 – Community Planning and Facility Partnerships, this report presents the annual identification of

- school buildings and sites suitable and available for community partnership; and
- future capital projects with potential co-building partnership opportunities (see Section 3.1 of the Board Policy 1011).

On May 21, 2021, the Waterloo Region District School Board (WRDSB) submitted four projects for consideration through the 2020-21 Capital Priorities Program (see Committee of the Whole Report “2021 Capital Priorities Program Submission” presented May 10, 2021, and Ministry of Education Memorandum 2021:B05). No funding announcements have been made as a result of this submission.

For this annual public meeting, proposed new school additions identified in the 2020-2030 Long-term Accommodation Plan (LTAP) are the prime candidates for partnership opportunities. Given the current context of COVID-19 and its impact on school utilization, we cannot generate a list of schools with available space for 2021-2022. The LTAP identifies Review Areas where long-term facility utilization makes facilities candidates for partnerships in unoccupied spaces in schools. See Section 8.1 of Administrative Procedure 4990 – Community Planning and Facility Partnerships for the complete criteria for sharing unused space in existing schools.

Appendix A provides a detailed list of the WRDSB’s short and medium-term needs for additional capacity (new schools and major additions). The projects submitted but not approved for capital funding in 2021 are marked with an asterisk. The other projects have yet to be prioritized and submitted for Capital Priorities funding approval.

A Board resolution is required to confirm the suitability of any school for a partnership opportunity. As the Board declares a school to have sufficient space for partnership opportunities, entities on the community partners list would be notified. Further, the WRDSB’s purchasing procedures require that the surplus space be circulated to potential partners through the use of a Request for Proposals (RFP).

Eligible partners are encouraged to begin preliminary discussions with WRDSB staff at any time; however, presenting the partnership opportunity at the annual meeting
remains a requirement. Where available space has been identified for partnership or co-building opportunities, the Community Partner Selection Criteria (Section 3 of Administrative Procedure 4990 – Community Planning and Facility Partnerships) will be used to evaluate the suitability of partners and their proposals as they relate to specific sites.

Background

Board Policy 1011 – Community Planning and Facility Partnerships came into effect July 1, 2016. The policy provides opportunities to share facilities with community partners when building new schools or undertaking significant renovations when considering unoccupied spaces. The policy is consistent with the Ministry’s 2015 Community Planning and Partnerships Guideline.

Many relationships with municipal and other partner organizations exist in schools where surplus capacity may never have been identified. These agreements tend to include licences for longer-term uses and rentals under the WRDSB’s Community Use of Schools program and may include daytime and after-school uses.

The WRDSB's Request For Supplier Qualification process for selecting child care providers in new facilities remains unchanged.

Financial implications

No financial implications.

Communications

A notice of intention to hold this public meeting was posted on the WRDSB’s website. Additional information regarding the WRDSB’s facility partnership opportunities has been posted on the Partnerships section of the website and is also detailed within the LTAP.

In addition, eligible partners on the notification list identified in Administrative Procedure 4990 – Community Planning and Facility Partnerships have been notified of the potential partnership opportunities outlined in this report and of this public meeting.

Community partners are invited to notify the WRDSB of their proposals or plans to build new facilities.

Subject: Accommodation Planning 2021-2022

Recommendation

This report is for the information of the Board.

Status

For the 2021-2022 school year, the main areas of focus for accommodation planning include:

1. Huron South Elementary Schools Boundary Study (HSESBS)

   On May 17, 2021, the initial staff report for the HSESBS was presented, and the Board approved the following motion:

   “That the Waterloo Region District School Board approve the initiation of a boundary study process involving Southridge Public School, Laurentian Public School, Janet Metcalfe Public School, and Jean Steckle Public School to establish a school attendance area for the new JK-8 elementary school to be constructed on Tartan Avenue in Kitchener.”

   Funding for a new Junior Kindergarten to Grade 8 elementary school at 80 Tartan Avenue, Kitchener, was approved and funded by the Ministry of Education (Ministry) through the 2017 Capital Priorities grant. Construction on this facility is well underway. The projected opening date is September 2022.

   The public consultation period that will include an online/virtual engagement strategy will occur in the fall of 2021. The final report is planned to be presented to the Board in January 2022.

2. Cambridge Joint Use Campus

   The Cambridge Joint-Use Campus Feasibility Study, conducted by CS&P Architects, presented to the Board on February 22, 2021, recommended proceeding with Concept Four: One Campus, Two Separate Facilities. This concept sees two schools, operated by the Waterloo Region District School Board (WRDSB) and the Waterloo Catholic District School Board (WCDSB), share one facility, and the City of Cambridge and Idea Exchange share another facility.

   This is the first co-build between the WRDSB and WCDSB. Planning’s focus for 2021-2022 on this project will be site acquisition and the development of agreements (a development agreement and a joint-use/operating agreement).
3. **Development Areas**

Planning regularly monitors and comments on development applications (e.g., plans of subdivision and condominium). Modifications to [Administrative Procedure 4992 – Temporary Student Accommodation for Development Areas](#) are pending internal approval.

To facilitate timely information sharing, an annual report on Development Areas (DAs) will be shared with the Board in November 2021. The annual report will indicate the status of DAs. Any proposed changes are identified for Board approval. The annual DA report is presented in advance of the staffing process with recommended changes (if applicable) to be implemented at the commencement of the school year (in this case, September 2022).

4. **French Program Review**

As the WRDSB continues Phases 3 and 4 of the French Program review, Planning staff will continue to support the Ad Hoc French Immersion Review Committee. This body of work is expected to include:

- Development of scenarios for different delivery models;
- Community consultation;
- Review of consultation results and draft recommendations; and
- Transition planning.

5. **Other Areas of Focus**

a) **Agreements**

Planning staff continue to create, negotiate and manage several agreements for facility partnership or accommodation, including:

- Joint Use;
- Development;
- Parking lots;
- Licenses; and
- Leases

b) **Enrolment projections and monitoring**

The COVID-19 pandemic impacted the 2019/20 and 2020/21 school years and substantially changed the delivery of public education in Ontario. These changes resulted in apparent anomalies in enrolment counts and student data. As enrolment projections primarily base forecasts on reflective analysis, Planning staff are closely monitoring both WRDSB enrolment trends and those of coterminous and neighbouring school boards.
Background

On June 21, 2021, the Board approved the 2020-2030 Long-Term Accommodation Plan (LTAP). It identifies short-term (one to five years) and medium-term (six to ten years) accommodation recommendations. The LTAP recommendations highlight priority areas for classroom additions, boundary studies, partnership opportunities and pupil accommodation reviews. This report sets a work plan to address the immediate needs identified in the LTAP.

A boundary study is a public consultation process undertaken to change attendance areas, grades, and/or programs at a school or group of schools. Implementing boundary study recommendations may result in the need for construction and/or renovations. Administrative Procedure 4991 - Boundary Studies provides the guidelines and expectations for reviewing school attendance areas.

A pupil accommodation review (PAR) is also a public consultation process undertaken to review a school or program closure. This process is mandated by the Ministry and must occur before closing or consolidating a school. On April 27, 2018, the Ministry released a revised Pupil Accommodation Review Guideline (PARG). The WRDSB may not initiate any new PARs until the Ministry releases standardized templates to support the PARG. There has been no communication from the Ministry regarding a release date for the templates. Additionally, Board Policy 4000 - Pupil Accommodation Review must be revised to align with the PARG and approved. Board approval is sought before initiating a boundary study or PAR, and the Board makes the final decision on any changes proposed.

Attached to this report is a table summarizing boundary studies and PARs identified as short-term priorities in the 2020-2030 LTAP (see Appendix A).

The Planning Department reviews proposed and approved residential plans throughout each school year to evaluate available accommodation at nearby schools. Where space for students anticipated to be generated by new housing is deemed to be insufficient Board Policy 4012 – School Attendance Areas and Administrative Procedure 4992 – Temporary Student Accommodation for Development Areas provide guidelines and expectations for creating and assigning DAs temporarily to holding schools until alternative accommodation is available (a new school, addition or boundary change).

The WRDSB is a commenting authority on development applications. If concerns about the provision of student accommodation are not met through negotiations with the landowner or local municipality, appeals are made to the Ontario Land Tribunal (OLT). In that case, the Planning staff may represent the WRDSB’s interests as expert witnesses.

Further, Planning staff are circulated on information about many other regional and municipal capital projects (e.g., road construction and widening, environmental assessments, traffic calming, etc.). Organizations will often hold public consultation meetings to share project information with the general public. Appendix B is shared for
information purposes. It provides a frame of reference for how Planning staff effectively contribute to these consultations outside of attending public meetings.

Financial implications

No financial implications.

Communications

Any recommendations or decision points related to the Planning Department’s work will be brought to the Committee of the Whole.

The Planning Department regularly updates web pages on the www.wrdsb.ca/planning website.

Staff Attendance at Municipal Public Consultation Meetings

From time to time, the WRDSB is invited to attend public consultation centres (PCCs) regarding municipal projects (e.g., road construction and widenings, environmental assessments, traffic calming, zone changes, subdivisions, etc.). Staff do not typically attend these public meetings. This is common practice with boundary studies and pupil accommodation reviews where municipal staff do not attend our public meetings.

The following list highlights how Planning staff effectively provide feedback outside of public meetings and the rationale behind not attending public meetings.

- The WRDSB has commenting authority on many of these projects and, therefore, can provide input at several stages of the consultation process.
- Generally, the information presented at the PCCs has already been circulated to the WRDSB for comment.
- Attending PCCs and being identified as WRDSB staff may “take over” the meeting.
- If the discussion is political, front-line staff should not be taking on this argument in a public venue. Staff can brief Trustees on the staff-level conversations if they wish to attend and politicize the issue.
- Occasionally staff have not yet formulated an opinion or have information that it would not yet be prepared to share publicly.
- Staff prefer to be involved at the technical committee level. Ideas may be exchanged amongst similar agencies, and confidential issues may be more discreetly discussed.
- Staff do not want the WRDSB perceived as representing public opinion.
- Staff should be deemed apolitical and objective, often supplying facts used for the development of options at the PCC.

The following may be reasons Planning would attend a PCC:

- The organization has asked us to provide information on behalf of the WRDSB that would be valuable to the general public attending the PCC.
- To more fully understand public opinion and technical details surrounding an application or proposal that have not been clarified by any other means.
