1. Preamble

The procedures that follow provide guidelines and expectations regarding the transportation of students by chartered vehicles and taxis, and the transportation of students in passenger vehicles driven by Waterloo Region District School Board (WRDSB) employees, non-board employees and volunteers. The WRDSB liability coverage and guidelines and expectations for reimbursement for transportation are also outlined.

2. Transportation of Students by Chartered Vehicles and Taxis

- 2.1 Bus: This mode of transportation should be chosen if large numbers of students are involved.
- 2.2 Taxi: This mode of transportation should be used for emergency situations and only after other means have been considered.

Note: Each student transported must have a seat and seat belt.

3. Transportation of Students in Passenger Vehicles Driven by Board Employees, Volunteers or Non-Board Employees

- 3.1 When transportation is by private vehicle, the principal should ensure that those who provide transportation for students have adequate public liability and property damage insurance:
 - 3.1.1 By car, only those who carry a minimum of \$1,000,000 of public liability insurance;
 - 3.1.2 By up to 8 passenger van: not less than \$1,000,000 of public liability insurance.

The required form, FS-19-RS4 – Volunteer Driver – Authorization to Transport Students is to be filled out by the volunteer drivers and approved by the school principal.

NOTE: As an approved Volunteer of the WRDSB, a current Police Vulnerable Sector Check (PVSC) is required as per AP1415 Use of Volunteers and form FS-18-RS4 – Volunteer Driver – Authorization to Transport Students.

School Board Driver Definitions:

Student Driver

A student driver is insured under their parent/guardian's insurance (or possibly their own) to drive to and from school or as otherwise approved by their parent/guardian. Therefore, a student driver is acting as a private citizen providing their own transportation and the school has no authority, nor involvement in the decision.

Student Drivers and School Sanctioned Events

A student driver may decline any transportation offered by the school/WRDSB and may make their own transportation arrangements to/from an event. For example, driving themselves to and from a sporting event. In this case, school administration may request the parent/guardian sign off a permission waiver prior to the event. The school will maintain the record.

Student Driver as a Volunteer or Trip Driver

A student driver with a "Full G License without any Restrictions" as outlined by the Ministry of Transportation in the Province of Ontario, may register as a Volunteer Driver or Trip Driver with the school. As well, the student is required to meet all expectations outlined in the Volunteers Driver Form FS-19-RS4. This includes the declaration to be signed by the owner of the vehicle, if the driver does not own the vehicle.

Volunteer Driver or Trip Driver

A Volunteer Driver "trip driver" is any person authorized by the school/board who has agreed to be a driver for a certain trip while they are driving their own or another licensed automobile. This is limited to Trustees, employees, teachers, parents, volunteers, officials of the school board.

The WRDSB requires all Volunteer Drivers hold an unrestricted driver's license when supporting a WRDSB Sanctioned Event. (Full G License without any Restrictions, only) As well, ensure they have a valid automobile liability insurance policy and that their vehicle is mechanically fit and agree to this by signing form FS-19-RS4. The form also provides an overview of Ontario's provincially legislated automobile insurance system and the OSBIE's excess liability coverage for non-owned automobiles.

Note: The Board does not allow the use of 15 passenger vans for transporting students and staff for school board-related activities (maximum 8 passenger).

- 3.2 The principal shall keep a record of the names of those employees who meet the public liability insurance coverage. Only those employees will be allowed to transport students for school activities.
- 3.3 The Principal should inform drivers that the Board provides Non-Owned Automobile Liability Insurance for accidents resulting in damages beyond \$1,000,000 and that the first \$1,000,000 must be covered by the owner's insurance.
- 3.4 Each student transported must have a seat and seat belt. Children weighing less than 40 lbs. must be placed in booster seats.
- 3.5 Primary and junior elementary students should not be placed in the front seat of a vehicle equipped with a passenger supplemental restraint system (airbag).

4. WRDSB Liability Coverage

The WRDSB provides coverage under its non-ownership automobile liability policy for employees and for volunteers/non-WRDSB employees using cars on WRDSB sanctioned events.

5. Reimbursement for Transportation

Employees who meet the stated requirements will be reimbursed for travelling expenses at the WRDSB's regular rate for mileage. The amount of reimbursement for an employee is to be documented on a FS-18-AS5 Reimbursement of Expenses approved by the principal and sent to the Finance Department.

6. Limitations – Non-Sanctioned Events

6.1 This procedure is limited to school or WRDSB sanctioned educational activities only. Non-sanctioned events are not considered the principal's responsibility and thus this procedure does not apply.
