### 1. Preamble

The Waterloo Region District School Board (“WRDSB”) values and encourages community use of schools for the mutual benefit of students as well as the local community. The procedures that follow provide guidelines and expectations for community members and employees regarding Community Use of Schools.

As per the Ministry of Education directive, school day activities, extra-curricular activities and parent involvement activities organized or administered by the school or school board have priority use of school space during and after regular school hours.

To create affordable access to community facilities, the Ministry of Education provides a Community Use of Schools Grant that allows school boards to charge subsidized rental rates for non-profit groups. The annual subsidies offered are contingent upon Ministry funding. WRDSB reserves the right to allocate the subsidy in such a manner to ensure that the Community Use of Schools Program is offered at no cost to the WRDSB. The WRDSB may change the way the subsidy is allocated year over year and determine the priority to which the subsidy will be applied.

A subsidy for a user group for an event is not a guarantee or commitment that future events will be subsidized in the same manner. Our primary goal is to subsidize local not-for-profit organizations that provide support and programming for local youth (under the age of 18 or under the age of 28 for participants with a disability). The Community Use of Schools Grant will be allocated to support this goal to the extent of the available funds.

The WRDSB has a full cost recovery model for community use of facilities to ensure that student education is not compromised by using our limited education funds to support other activities.

### 2. Permit Holders

All community members wishing to rent school space are required to submit a permit request through the online booking system.

2.1 Permit holders are required to adhere to all Rules and Regulations. Rules and Regulations are provided with each permit issued and posted at [www.wrdsb.ca/community/community-use-of-schools/rules-and-regulations/](http://www.wrdsb.ca/community/community-use-of-schools/rules-and-regulations/).

- 2.2 All permit holders are required to provide a valid Certificate of Insurance with a minimum of \$2 million per occurrence, no aggregate is preferred. As an acceptable alternative, a minimum of \$2 million per occurrence with a minimum of \$4 million aggregate will be accepted. The Waterloo Region District School Board must be added as an additional insured. Groups that do not qualify for their own insurance may be eligible to purchase insurance through the WRDSB.
- 2.3 All permit holders are required to adhere to Board policies and procedures.

- 4.1 All permit requests will fall under one of the following charge categories

  - Youth/Child: All programs where the activities are intended for participants under the age of 18 (or under the age of 28 for participants with a disability). Activities must be carried out by not-for-profit organizations.
  - Adult: Adult recreation organized by not-for-profit organizations, not-for-profit educational organizations providing adult programs, not-for-profit groups providing community services free of charge or for cost recovery. Activities must be carried out by not-for-profit organizations.

The schedule should be submitted to the Rentals Department by July 7 for entry. After July 7, school administrators are asked to enter school booking requests directly in the booking system.
