

# Our Upcoming REaL Camps

**Dates:** Feb 28 & Mar 1, 2026 (Weekend)

**Timing:** 10am - 4pm (Yukon Time, GMT-7)

## Cyber Risk Camp (Virtual)

Every parent wants their teen to be safe and confident online. Our Cyber Risk camp teaches teens how digital threats work and how to avoid them through specialized teaching methods. Along the way, teens build real cyber risk skills that are increasingly valued by colleges and employers. This camp not only helps protect teens in today's digital world, but also gives them a meaningful advantage as they prepare for tomorrow's opportunities.

**Dates:** April 11 & 12 (Weekend 1) and April 18 & 19, 2026 (Weekend 2)

**Timing:** 9 AM - 3.30 PM (Yukon time, GMT-7)

## Climate Crisis Camp (Hybrid)

Open to In-person and Virtual participants, our Climate Crisis Camp gives students the chance to explore what's really happening to the planet, why it matters, and what can be done about it. Through interactive projects, discussions, and real-world scenarios, teens learn to think critically about climate science, sustainability, and solutions. They will leave with practical knowledge, a stronger sense of agency, and skills that support future academic and career paths, along with the motivation to be part of the solution, not just a witness to the problem.

**Dates:** Samedi 2 mai et dimanche 3 mai, 2026

**Horaires :** 10h à 16h (heure du Yukon, GMT -7)

## Camp sur les risques cyber (virtuel)

Le numérique fait partie intégrante de la vie des adolescents et les risques qui l'accompagnent sont bien réels. Notre camp leur donnera les clés pour identifier les menaces digitales, adopter des comportements sûrs et développer des compétences concrètes en cybersécurité, grâce à des méthodes pédagogiques spécialisées. Ces savoir-faire, de plus en plus recherchés par les universités et les employeurs, offrent aux jeunes un avantage tangible. Ce camp contribue non seulement à protéger les adolescents dans l'environnement numérique actuel, mais leur offre également un avantage concret et durable pour se préparer pour l'avenir.
