Why Climate Emergency?

Climate emergency is no longer a distant issue - it is reshaping choices and challenges the new generation will face in school, work, and life. Teens who understand climate emergency are not just informed - they are ahead. They learn to think critically, adapt quickly, and lead confidently in situations where others hesitate. This camp is an investment in their potential, empowering them to succeed in a world that demands informed and capable leaders.

This program is proudly supported by:

Natural Sciences and Engineering Research Council of Canada

Conseil de recherches en sciences naturelles et en génie du Canada

Canada

This camp is co-offered by:

UNIVERSITY OF WATERLOO

Camp Overview

- ▶ Working in teams with teenagers with similar interests at a top university campus.
- ▶ Building climate emergency knowledge, leadership and decision-making abilities from academic & industry experts.
- ▶ Gaining key skills that will be valuable for college applications and help explore unique career options.
- ▶ Exploring climate emergency in a fun, hands-on way through Virtual Reality (VR), games, simulations and group activities.

Dates: July 27-31, 2026

Timing: 9am-5.30pm EST

Location: Main campus, University of Waterloo

Camp Fee: \$395+HST

Scholarship: Covering full or partial fee available for equity-deserving students, upon assessment.
