**Workshops/Seminars/Presentations/Keynote Speeches Attended:**  
**(Include a brief Summary)**

I had an amazing time during this conference. The Keynote speaker, Frank De Angelis – Past Principal of Columbine High School, touched my heart with his story of the tragic shooting and how it has affected his life . His 13 reasons (one teacher and 12 students who died) and why he does what he does in their memory.

Interacting with our VP's & Principals and getting to know them a bit better.
