## Why Winnie French?

"Winnie French tutoring has been very reliable, professional, and an adaptable guide in my 12 yr old son's journey of learning French. The tutor (Rana) quickly established a friendly rapport with my son and makes sure that timelines for session's goals are met each week. My son's confidence in French has grown significantly after he started working with Winnie French tutoring."

"Winston is very accommodating, patient, great with my son. He has given him the motivation and positivity to keep up with his learning. He makes learning fun, and does an amazing job keeping him engaged. Best tutor hands down!"

- **Renee P.**

"Going from literally not having any idea of how my daughter will get through grade 9 French to finishing in the very high 80th percentile, has been all due to Winston's teaching. He was always patient, went out of his way to help and even put in extra time to make edits on her work. I HIGHLY recommend Winston's services."
